**For Market Gardeners and Commercial Growers**

**COPENHAGEN MARKET CABBAGE**  
A Grand New Variety

**JOSEPH HARRIS CO.**

**Seed Growers**

**MORETON FARM, COLDWATER, N. Y.**

**T**HIS special wholesale price list is intended for those who buy seeds in considerable quantities for commercial purposes.

**The seeds are to be sent at the expense of the purchaser.**

If it is desired to have them sent by mail postage must be added to the prices quoted at the rate of **10c per lb.**

The seeds will be carefully packed for shipping, and will be delivered to the railroads or express companies without extra charge.

**We can ship** by the following express companies and railroads:

Express Companies—American, Adams (including Southern), United States, National and Wells-Fargo.

Railroads—New York Central; Erie; Pennsylvania; Lehigh Valley; Buffalo, Rochester & Pittsburgh; Rome, Watertown & Ogdensburg.

### **WHAT WE GUARANTEE**

We guarantee all seeds, plants, etc., to reach the purchaser in good condition and to be as represented, in so far as should any prove otherwise we will replace all such without charge or refund the amount paid for them; but it must be distinctly understood that we will not be responsible for any loss that may occur beyond the amount paid for the seeds or plants. We will accept orders on no other terms.

### **GERMINATION OF SEEDS.**

All the seeds we sell are tested for germination, and the per cent. that germinate is marked on each package or label, so that anyone can easily judge how thick to sow the seed. This is an advantage given by no other seedsman that we know of.

**Note**—Half pounds, half pecks and half bushels will be sold at the pound, peck and bushel rates.

## BEETS

CROSBY'S IMPROVED EGYPTIAN BEET  
(Photograph)

### CROSBY'S EGYPTIAN, Harris' Selected Strain.

Gardeners will find this the very finest strain of Crosby's Egyptian Beet obtainable. We have taken the greatest pains with this variety, raising the seed on our own farm and selecting only the very best beets for seed, and have developed a strain that produces **uniformly** handsome, smooth, globe-shaped beets with **small tops** and **deep red** all through, without the light colored rings so common in other less carefully grown strains. This beet grows very rapidly, and is excellent for forcing as well as for open ground.

<b>Long Orange.</b> Roots a foot long, yields large crops.....	.20	.60	2.25

## CELERY

The crop of French grown Golden Self-Blanching Celery was almost an entire failure the past season and there is therefore practically no seed to be had.

We have procured a limited quantity of seed, grown by a very reliable grower in California, which we offer below.

	Ounce	¼ Lb.	Pound
<b>GOLDEN SELF-BLANCHING or PARIS GOLDEN.</b> Our "Gilt Edge" strain. There is no better seed than this at any price. It is used by some of the largest and most successful growers in the country....	2.00		
<b>GOLDEN SELF-BLANCHING.</b> California grown seed. While not as reliable as French seed, California seed often produces just as good celery.....	.60	1.90	7.25
<b>Golden Rose, or Rose Ribbed Self-Blanching.</b> Like Golden Self-Blanching tinged with red. Keeps better and is of finer flavor.....	.25	.75	2.85
<b>White Plume.</b> We have a very fine, pure strain of this popular celery..	.20	.70	2.50
<b>WINTER RELIANCE (New).</b> A fine green celery, blanches quickly and is a good keeper.....	.35	1.10	4.25

## CELERY—Continued

	Ounce	$\frac{1}{4}$ Lb.	Pound
<b>COLUMBIA.</b> Much resembles Golden Self-Blanching in growth and appearance, but does not blanch so quickly and keeps longer. A valuable kind for early winter market.....	.35	1.00	4.00
<b>FRENCH'S SUCCESS.</b> The best keeper we know of. Keeps well until spring. Very firm and crisp, never grows soft.....	.35	.90	3.25
<b>Giant Pascal.</b> A popular winter celery.....	.15	.45	1.75
<b>New Rose.</b> A red celery of fine nutty flavor.....	.15	.60	2.25
<b>Golden Heart.</b> An old standard green variety.....	.15	.45	1.75
<b>Boston Market</b> .....	.15	.45	1.75
<b>Celeriac</b> (Turnip rooted celery). Large smooth Prague.....	.15	.40	1.50

## CAULIFLOWER

Note—There is no reason why the **very best** Cauliflower seed cannot be sold at much lower prices than is charged by most seedsmen. They charge high prices because growers think if they pay \$4.00 an ounce for seed it must be better than the seed that costs \$2.00 or less. As a matter of fact the same seed that gardeners pay \$4.00 per ounce for can be sold at \$2.00 and still leave a fair profit to the dealer. The seed we offer is the **very best** that can be procured at any price.

### “PERFECTED” SNOWBALL CAULIFLOWER

This strain of Snowball Cauliflower produces the very finest heads and is more uniform and reliable than any other strain or variety we have tried, and we try them all side by side in our trial grounds each year. Seed that costs \$3.00 to \$5.00 per ounce produced no better cauliflower than this. In fact, we hardly see how it could be better. Practically every plant makes a beautiful snow white head that is firm and has no protruding leaves.

We sold this “Perfected” strain the first time last season and it has given great satisfaction among our customers. There can be no better seed no matter what is charged for it or under what name it is sold. There is no sense in paying high prices for cauliflower seed any longer. Ounce, \$1.75;  $\frac{1}{4}$  lb., \$6.50; Lb., \$24.00.

<b>“DANISH GIANT” SNOWBALL or “DRY WEATHER.”</b> Ten days or two weeks later than Snowball and of more vigorous growth and stands drought better .....	$\frac{1}{4}$ oz.	.55	1.90	$\frac{1}{4}$ Lb.	7.40
<b>Erfurt Early Dwarf.</b> Much like Snowball, but not quite so good....	$\frac{1}{4}$ oz.	.45	1.60		6.30
<b>Large Algiers.</b> Large and late.....	$\frac{1}{2}$ oz.	.40	.70		2.20
<b>Large Lenormond Short Stem.</b> .....	$\frac{1}{2}$ oz.	.35	.55		
<b>Walcheren.</b> Very hardy.....	$\frac{1}{2}$ oz.	.30	.60		1.90

## COLLARDS

	Ounce	$\frac{1}{4}$ Lb.	Pound
<b>Georgia</b> .....	.10	.30	1.00

## CRESS

	Ounce	¼ Lb.	Pound

## POTATOES

Our seed potatoes are grown on our own and neighboring farms from choice selected seed furnished by us and we think they are far superior to most of the potatoes sold for seed. They are pure, true to name and practically free from scab and other diseases.

*Prices for Early Orders Only.*—The prices here quoted are what the potatoes are worth at the present time (December). We shall endeavor to abide by these prices during the season, but should conditions of the market change materially one way or the other we reserve the right to cancel these prices without notice.

*Please write us for price on the varieties and quantities you will need* if you will require three barrels or more. We will quote the lowest possible prices at all times.

We have the largest and finest stock of choice seed potatoes we ever put in our cellars.

*About shipping.* The potatoes are shipped in barrels or sacks holding 165 pounds. We can usually ship safely by the middle of March, but not before, except to the Southern States. If seeds and potatoes are ordered please state on the order whether the seeds are to be held to go with the potatoes, or to be sent at once, and the potatoes later when it is safe to ship them.

Prices quoted below are for the potatoes put up in heavy sacks holding 165 pounds each. If you wish the potatoes shipped in barrels instead of sacks please add *twenty-five cents* to the price quoted for sacks.

### KIND WORDS FROM OUR CUSTOMERS

"Enclosed you will find an order for seeds. I am rather late in sending it in, but hope I am not too late to get some of the cream of your seed stock. The way your seeds grew for me last season, it looks as they were all cream and no skim milk. The Volga cabbage was a wonder in spite of the drought. Every plant I set made a head. The cauliflower palmed out the same way—every plant a head."—ALEX. BAKER, Montclair, N. J., Feb. 20, 1911.

"Our men were so pleased with those tomato plants we got from you that they asked me to send for 500 more. The plants were examined by lots of our neighbors and they all claimed them to be the best they had seen this season."—MRS. MARIE CAWLEY, Model City, N. Y., May 26, 1911.

"Your Bonny Best and Success tomatoes cannot be beat. They certainly came up to all you claim for them."—A. J.

"I have used seeds from you for several years for home garden and market and I can truthfully say that I get better returns from your seeds, which cost less money, than from any other Seed Company I have ever dealt with."—L. A. FISHER, Houses, N. J.

"I have gardened for 25 years and have used seeds from all the best seedsmen and I consider yours as good as I ever used, while your prices are lower."—M. E. DUDLEY, North East, Pa., April 1, 1911.

"I never have been so well satisfied with seeds as with those I got from you."—C. H. WALKER, Warren, Mass.

"The seed potatoes reached me all O. K., and I am more than pleased with them. When I want any seeds of any kind you can be sure of an order."—H. E. MOYER, Fort Plain, N. Y., April 24, 1911.

"Some of my neighbors wanted I should order seeds from you for them. I had the finest crop of cabbage in the neighborhood. They asked me where I got my seed and I told them from Joseph Harris Co. I had 20 tons on an acre of Danish."—BERNARD DEWANDEL, Lyons, N. Y., Feb. 11, 1911.

"I exhibited 24 kinds of vegetables raised from your seeds at the Fair Haven and Rutland fairs and got 17 first and 6 second premiums at Rutland and 16 first and 6 seconds at Fair Haven."—JOHN A. WOODBURY, Castleton, Vt., Sept. 18, 1911.
